Cross Sectional Shape:

Arched

Width:

2.8125 inches

Length:

3.625 inches

Body Thickness:

0.040 inches

Securing Device Type:

Hinge

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t3 federal specification single material response

Fsc Application Data:

Wing, airframe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
