Securing Device Type:

Threaded fastener

Mounting Opening Shape Style:

Unthreaded hole

End Application:

Kc-135 aircraft

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
