Overall Length:

3.440 inches

Overall Width:

2.000 inches

Aircraft Location:

Canopy drive mechanism

Aircraft Mission Design Series:

T-33

Special Features:

Matl: extr ls3511; c/o: 2 slotted holes on both sides

Height:

1.560 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
