Cross Sectional Shape:

Flat

Width:

5.000 inches

Edge Shape:

Rectangle, no holes

Length:

6.000 inches

Corner Radius:

0.500 inches

Body Thickness:

0.062 inches

Securing Device Type:

Flush catch and hinge

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
