Width:

Between 9.880 inches and 10.120 inches

Thickness:

0.500 inches

Length:

Between 22.260 inches and 22.500 inches

Special Features:

Max operating temperature 910 degrees f

Fsc Application Data:

Heat and ventilating system, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T230-b
