**Securing Device Type:**

Hinge and threaded fastener

**Features Provided:**

Sealing capability

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-225/6 federal specification single material response

**Surface Treatment:**

Chromate

**Fsc Application Data:**

Door, landing gear

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531m0
