Overall Length:

40.000 inches

Overall Width:

12.000 inches

Thickness:

0.071 inches

End Application:

F-4

Aircraft Location:

Nacelle

Special Features:

10-14 degree duct-chem mill

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
