**Overall Length:**

26.000 inches

**Overall Width:**

15.000 inches

**Thickness:**

0.071 inches

**End Application:**

F-4 aircraft

**Aircraft Location:**

Nacelle

**Special Features:**

10-14 degree duct-chem mill

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4-t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700
