**Overall Length:**

9.510 inches

**Overall Width:**

1.100 inches

**Material Thickness:**

0.060 inches

**Aircraft Location:**

Repair installation-king pin riser, lower surface

**Aircraft Mission Design Series:**

C-130b, e

**Special Features:**

Manufacturer name-strap

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12, t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
