Overall Length:

49.000 inches

Overall Width:

6.000 inches

Material Thickness:

0.071 inches

End Application:

F-16

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
