Overall Length:

8.000 inches

Overall Width:

28.000 inches

Thickness:

0.100 inches

End Application:

Aircraft model f-16a/b

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11700
