Overall Length:

40.000 inches

Overall Width:

11.000 inches

Thickness:

0.250 inches

Aircraft Location:

Upper aircraft canopy

Aircraft Station Number:

Fs231.8 to fs 242.6

Aircraft Mission Design Series:

F-16b

Special Features:

Finish a442; f-16b belgium nha-16b212-13, supercedes 16b2307-7 ow; eff on-0008-on; f-16b usaf nha 16b212-13, superceded by 16b2307-1 ni, eff on-62 0024 0076

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
