Overall Length:

3.000 inches

Overall Width:

3.000 inches

Material Thickness:

0.050 inches

Aircraft Mission Design Series:

F-16

Special Features:

Matl: alum alloy; temper t-6

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
