Overall Length:

22.800 inches

Aircraft Location:

Canopy frame

Aircraft Mission Design Series:

F-16d

Special Features:

Tension tube assembly

Material:

Aluminum alloy 2024

Material Specification:

Ww-t-700/3-t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
