Overall Length:

18.000 inches

Overall Width:

13.000 inches

Thickness:

0.125 inches

End Application:

Aircraft model f-16b usaf

Special Features:

Located from fuselage station 175to fs 189; eff 0002 on; nha 16b2700-3

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4-t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11700
