**Width:**

2.520 inches

**Edge Shape:**

Rectangle, no holes

**Length:**

2.520 inches

**Body Thickness:**

0.250 inches

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11, t6 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Mil-a-8625, type 3, class 1 military specification single treatment response

**Fsc Application Data:**

Aircraft model f-16

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0

**Mil-std (military Standard):**

Mil-a-8625 spec.
