**Overall Length:**

6.000 inches

**Overall Width:**

4.000 inches

**Material Thickness:**

2.000 inches

**Aircraft Location:**

Fwd, frame to longeron, center aft

**Aircraft Mission Design Series:**

C-5a/c

**Special Features:**

Temper t651

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
