Overall Length:

6.000 inches

Overall Width:

4.000 inches

Material Thickness:

2.000 inches

Aircraft Location:

Fwd, frame to longeron, center aft

Aircraft Mission Design Series:

C-5a/c

Special Features:

Temper t651

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
