Overall Length:

15.500 inches

Overall Width:

6.000 inches

Material Thickness:

3.000 inches

End Application:

F-15

Material:

Aluminum alloy 2124

Material Specification:

Mms 149 cond t851 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

spec.
