Overall Length:

19.500 inches

Overall Width:

13.330 inches

Thickness:

0.125 inches

End Application:

F-15

Aircraft Location:

Lower ml keel longeron inboard

Aircraft Station Number:

Fs552.000 to fs565.330

Special Features:

Ht treat to t62 per ps15534, chemical mill per ps20022

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
