Overall Length:

3.770 inches

Overall Width:

3.520 inches

Material Thickness:

0.080 inches

Aircraft Location:

Fairing assembly fwd pylon

Aircraft Mission Design Series:

F-111f

Special Features:

Data link pod

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-t42 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
