Overall Length:

45.000 inches

Overall Width:

5.000 inches

Thickness:

0.100 inches

End Application:

F-111

Side For Which Designed:

Left side

Special Features:

Cradle assembly, pave tack weapons bay

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
