Material Thickness:

0.500 inches

Aircraft Mission Design Series:

F-16

Special Features:

Alr 69 e/j band antenna

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11500
