Overall Length:

48.000 inches

Overall Width:

48.000 inches

Thickness:

0.025 inches

End Application:

C-135 airplane.

Aircraft Location:

Inner door installation ifr sighting

Aircraft Mission Design Series:

C-135

Special Features:

Matt; clad, heat treat per t4, finish f-2.115

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
