Overall Length:

15.800 inches

Overall Width:

10.300 inches

Thickness:

0.050 inches

End Application:

B-52 bomber airplane.

Aircraft Location:

Upper area

Aircraft Mission Design Series:

B-52

Special Features:

Matt; clad, finish f-2.16, heat treat per t3

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
