Overall Length:

33.000 inches

Overall Width:

12.000 inches

Material Thickness:

0.063 inches

Aircraft Location:

Deceleration parachute aft door

Aircraft Mission Design Series:

B-52

Special Features:

0 temper; heat treat t6; finish f-2.115

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
