Overall Length:

26.000 inches

Overall Width:

13.000 inches

Thickness:

0.050 inches

End Application:

B-52 bomber airplane.

Aircraft Location:

Duct-lower inboard by-pass

Aircraft Mission Design Series:

B-52

Special Features:

Matt clad, 0 temp, heat treat per t4

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
