Overall Length:

40.000 inches

Overall Width:

11.000 inches

Thickness:

0.250 inches

End Application:

F-16b usaf aircraft

Special Features:

Location-aft canopy, upper, fs 231.8-242.6; c/o-16b5888-1 insulation -13 skin 0.250 x 11x40 in.; replaces -13 ni; nha 16b212-13; eff on -62 0077 9999

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 t62 finish a442 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11700
