Overall Length:

13.000 inches

Overall Width:

8.000 inches

Material Thickness:

0.940 inches

Side For Which Designed:

Left side

Aircraft Location:

Frame, aft cowl, pp station 183.58

Aircraft Mission Design Series:

C-141

Special Features:

Length and with dim. Are stock material

Material:

Steel comp 632

Material Specification:

Ph 15-7 -0 per ams5520 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
