Overall Length:

8.800 inches

Overall Width:

8.400 inches

Material Thickness:

0.080 inches

Aircraft Location:

Vertical tail tip instl

Aircraft Mission Design Series:

E-3a

Special Features:

Finish f-2.30; t6 temper

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
