Overall Length:

5.400 inches

Overall Width:

5.000 inches

Material Thickness:

0.042 inches

End Application:

Kc-135

Side For Which Designed:

Left side

Special Features:

Annealed

Material:

Titanium

Material Specification:

Ams 4900 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
