Overall Length:

59.000 inches

Overall Width:

28.000 inches

Thickness:

0.051 inches

End Application:

C-135

Side For Which Designed:

Left side

Aircraft Location:

Aft outboard nacelle strut

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-238 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
