Overall Length:

2.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.040 inches

Aircraft Location:

Box frame, outboard pylon

Aircraft Mission Design Series:

C-141

Special Features:

Temper t3

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
