**Overall Length:**

2.000 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Box frame outboard pylon

**Aircraft Mission Design Series:**

C-141

**Special Features:**

Opposite to p/n 3p61600-115; matl alum aly clad; temper t3

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
