**Overall Length:**

5.000 inches

**Overall Width:**

1.000 inches

**Material Thickness:**

0.020 inches

**Side For Which Designed:**

Left side

**Aircraft Location:**

Seal assembly, sta 100.00 bhd pylon

**Aircraft Mission Design Series:**

C-141a/b

**Special Features:**

U/a: angle; temper o

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
