Overall Length:

5.000 inches

Overall Width:

1.000 inches

Material Thickness:

0.020 inches

Side For Which Designed:

Left side

Aircraft Location:

Seal assembly, sta 100.00 bhd pylon

Aircraft Mission Design Series:

C-141a/b

Special Features:

U/a: angle; temper o

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
