Overall Length:

54.000 inches

Overall Width:

18.000 inches

Thickness:

0.040 inches

End Application:

C-135

Aircraft Location:

Flying boom fairing

Special Features:

Finish f 1.130; opposite p/n 5-96330-59

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
