Overall Length:

10.000 inches

Overall Width:

1.000 inches

Material Thickness:

0.020 inches

Aircraft Location:

Fwd fairing, pylon leading edge

Aircraft Mission Design Series:

C-141

Special Features:

Opposite to p/n 3p60504-120

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-367 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
