Overall Length:

6.100 inches

Overall Width:

3.500 inches

Material Thickness:

0.126 inches

Aircraft Location:

Inboard strut assembly

Aircraft Mission Design Series:

C-135

Special Features:

C/o seal support 1 ea, seal 1 ea; 1 slot each end of support 0.12 in. Radius

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
