Overall Length:

130.000 inches

Overall Width:

17.500 inches

Thickness:

0.050 inches

End Application:

B-52

Aircraft Location:

Cowl lower body panel as intermediate skin

Special Features:

Opposite p/n 35-10702-10

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362-0 t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
