Aircraft Location:

End-fwd, lwr stabilizing brace, mlg support structure

Aircraft Mission Design Series:

C-141

Special Features:

Matl: 11.670 in lg; with clevis; two holes in line seven places with 0.250 in dia

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-367 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
