Overall Length:

8.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.050 inches

Side For Which Designed:

Left side

Aircraft Station Number:

Fs412.50, fs420.50 and fs428.50

Aircraft Mission Design Series:

C-141a/c

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-238-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
