Overall Length:

5.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.050 inches

Aircraft Location:

Frame installation, lower center

Aircraft Mission Design Series:

C-141b

Special Features:

Used as doubler

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-283 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
