Overall Length:

2.300 inches

Overall Width:

1.300 inches

Material Thickness:

0.500 inches

Aircraft Location:

Filler front spar

Aircraft Mission Design Series:

B-52

Special Features:

Rectangular shaped

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-283 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
