End Application:

B-52

Side For Which Designed:

Right side

Aircraft Location:

Tapered filler, inbd strut assembly

Special Features:

6a1-4v, annealed, finish f-10.10

Material:

Titanium alloy

Material Specification:

Bms 7-39 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
