**Overall Length:**

1.100 inches

**Overall Width:**

1.000 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Filler, inboard strut assembly

**Aircraft Mission Design Series:**

B-52

**Special Features:**

Finish f-10.10

**Material:**

Titanium alloy

**Material Specification:**

Bms 7-39 6a1-4v annealed assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
