Overall Length:

1.100 inches

Overall Width:

1.000 inches

Material Thickness:

0.040 inches

Aircraft Location:

Filler, inboard strut assembly

Aircraft Mission Design Series:

B-52

Special Features:

Finish f-10.10

Material:

Titanium alloy

Material Specification:

Bms 7-39 6a1-4v annealed assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
