Overall Length:

2.200 inches

Overall Width:

1.500 inches

Material Thickness:

0.071 inches

Aircraft Location:

Light bracket on inflight refueling door

Aircraft Mission Design Series:

Kc-135

Special Features:

0 temper, heat treat t6; finish f-2.115; c/o 2 nutplate, 1 bracket; opp -2

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
