**Overall Length:**

2.200 inches

**Overall Width:**

1.500 inches

**Material Thickness:**

0.071 inches

**Aircraft Location:**

Light bracket on inflight refueling door

**Aircraft Mission Design Series:**

Kc-135

**Special Features:**

0 temper, heat treat t6; finish f-2.115; c/o 2 nutplate, 1 bracket; opp -2

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
