**End Application:**

B-52

**Aircraft Location:**

Torque bulkhead installation-inboard strut

**Aircraft Station Number:**

Nac287.80

**Special Features:**

Stiffener-angle

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-277 t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
